**POWERING GROWTH.
EMPOWERING PEOPLE.**

GROWTH, FOR US, IS NOT JUST THE SUCCESSFUL TRANSLATION OF A POWERFUL BUSINESS STRATEGY. IT IS AN ACHIEVEMENT THAT GOES BEYOND NUMBERS TO IMPACT THE LIVES OF PEOPLE WHEREVER WE GO, IN WHATEVER WE DO. IT IS AN IDEOLOGICAL PHILOSOPHY THAT IS FOCUSED ON ENRICHING LIVES AND EMPOWERING THE COMMUNITIES WE WORK WITH.

Even as we constantly endeavor to foster bigger and better growth, we do it with a concerted focus that extends beyond augmenting revenues and enhancing profits. We do it on the foundation of a belief that business is as much about making the world a better place to live in as it is about making money. It is as much about creating a healthy environment for the future generations as it is about improving life today.

The core of Monnet's growth philosophy is all about building relationships and nurturing trust. It is about enabling upliftment of the society and ensuring sustainable livelihood.

From promoting literacy to protecting health. From ensuring environmental safety to building rural infrastructure. From encouraging sports to spreading smiles.

Growth, then, for us, is the nucleus which builds on the myriad elements that come together to ensure holistic progress of individuals and communities. It is the platform from which we are constantly striving to contribute to nation building by doing our bit for infrastructural development. It is the strategic roadmap through which we are continuously helping empower people to think for themselves and to live for others.

"MIEL HAS TAKEN A RAPID STRIDE FORWARD FROM GENERATING POWER FOR CAPTIVE CONSUMPTION TO SURGING AHEAD AND ENHANCING POWER GENERATION CAPACITIES FOR MERCHANT SELLING BASED ON ITS CAPTIVE COAL SOURCES"

EXECUTIVE VICE CHAIRMAN & MANAGING DIRECTOR'S MESSAGE

Dear Shareholders,

It is with great pleasure that I write to you at the end of an operationally efficient year for MIEL. Despite challenging macro-economic conditions, your company registered consistent growth steered by its diversified and de-risked business model thereby enabling it to power growth and empower people.

The numbers bear testimony to its performance, which showed remarkable resilience in the face of immense challenges across both our principal products, namely sponge iron and power generation. The limited impact of the pressures on these two products was a direct result of our prudent policy, focused on strong operational efficiencies, backward and forward integration initiatives and efficient

management of raw material and prices.

FINANCIAL PERFORMANCE

Your company's de-risked business model insulated it from the challenges that prevailed in the year under review and helped it report steady performance. The core business of your company during the fiscal year primarily comprised sponge iron and power. Though the market for merchant power remained challenging on account of falling prices, higher sales realizations from the sponge iron segment improved the overall profitability and profit margins for MIEL. The steel business also witnessed some price volatilities in the middle of the financial year. However, in the last few months, the prices have stabilized and, on an overall basis, the segment reported a healthy spurt in both topline and bottom-line.

OPERATIONAL PERFORMANCE

During the year, your company operationalized its iron ore washery plant at Raigarh and beneficiated low grade iron ore and blended it with sized iron ore to achieve a better cost. This helped us in protecting margins in our steel business significantly.

On the power front, the merchant power rates declined from an average tariff of ₹4.90 per unit in the first quarter to a net realization of ₹3.39 per unit in the quarter. This was primarily due to reduced purchase of power by state utilities and evacuation of power due to capacity constraints of regional links.

Your company having availability of captive coal mines has the capabilities of producing lowest cost power from its power projects. Leveraging this advantage, it has taken a rapid stride

forward from generating power for captive consumption to surging ahead and enhancing power generation capacities for merchant selling through its subsidiary Monnet Power Company Limited (MPCL). This subsidiary, through the installation of a 1050 MW thermal power project in Angul, Orissa at an investment of US\$1.2 billion has achieved financial closure, with Blackstone Capital investing \$60 million for a 12.5% stake in the subsidiary, \$800 million of debt tie-up and internal accruals. The capacity of the project will be further increased by 660 MW taking the total capacity to 1710 MW.

I am happy to say that this partnership with Blackstone, one of the largest private equity investors in the world will add value to MPCL in several ways for the benefit of its shareholders. We will be able to utilize our experience in setting up power plants and developing mines, while leveraging its global linkages and knowledge base.

Your company's coal business also saw a major forward movement during the fiscal under review as MIEL, through its 100% owned subsidiary Monnet Global Limited (MGL), completed the acquisition of Indonesian Coal Company – PT Sarwa Sembada Karya Bumi, at US\$ 24 million in the Jambi province of Sumatra, Indonesia. We have been able to close the deal at a very low cost as the agreement with PT Sarwa was initially executed in 2008 but the process and regulatory procedures for actual transfer took time to finally close the deal.

The acquisition of PT Sarwa is of strategic importance for the Group as

the logistic of the mine is excellent and being located in Sumatra, the shipping cost and low transit time to India will make the coal extremely cost-effective. Further, it will also provide low-cost fuel for our planned coal-based power projects. We plan to mine more coal than required for our captive needs, to enable us to sell in the open market, which will be a long-term source of revenue, as there seems to be good potential for the reserves to go up substantially. The world-wide coal markets are expected to do very well in the coming years and especially India and China would remain strong buyers.

With this acquisition, the prestigious Coal Contract of Works (CCOW) also called (Perjanjian Karya Pengusahaan Pertambangan Batubara) PKP2B, which was awarded to PT Sarwa by the Government of Indonesia, gets transferred to MGL. I am proud to state that this makes MGL amongst the very few Indian companies to have CCOW.

STRENGTHENING OUR BOXING CONNECTION

Your Company with a vision of promoting boxing which is the second most loved sport in India after cricket, extended its support to Indian boxing by becoming the official team & kit sponsors of the Indian boxing team. In fact, your company is closely associated with Indian boxing and has been playing a pivotal role in the promotion of the sport. With this association with Indian Boxing Federation, your company becomes the only corporate & listed company to promote amateur boxing in the country.

The sponsorship deal, which we see as

a serious CSR attempt to adopt a sport, covers the entire Indian team – men's senior, junior and sub junior teams along with the women's senior, junior and sub junior teams.

GOING FORWARD

Having established ourselves as strong players in all the areas of our presence, we are now firmly on track towards expanding and growing our business as we surge towards the future. With the unfolding opportunities in the Indian infrastructure development space, I am confident that our focused strategic thinking shall enable us to usher new levels of progress and shall continue to boost growth.

We are currently in the process of expanding our coal beneficiation operation to achieve upto 50 MTPA capacity and are also in the process of augmenting our capacities in steel through implementation of our ongoing 1.5 MTPA integrated steel plant at Raigarh. The blast furnace, sinter and the re-bar mill projects, which are also a part of 1.5 Integrated Steel Plant, are also expected to be commissioned within this financial year.

ON A CONCLUDING NOTE

The horizon is bright and, with your continued support and cooperation, I am confident we shall make major strides in our growth trajectory, going ahead. I take this opportunity to thank all stakeholders, bankers, partners and employees of the company for the confidence they have steadfastly reposed in the company.

THE MIEL WAY TO POWERING GROWTH

MONNET ISPAT & ENERGY LIMITED (MIEL), A FLAGSHIP COMPANY OF THE MONNET GROUP, IS THE SECOND LARGEST COAL-BASED SPONGE IRON PRODUCER IN INDIA.

Established in 1994 under the dynamic leadership of Mr. Sandeep Jajodia, MIEL's de-risked business portfolio encompasses manufacturing and marketing of Sponge Iron, Steel and Ferro Alloys. MIEL is also engaged in mining of minerals like coal & iron ore, besides generation of power for captive consumption and is now the second largest coal based sponge iron player in the country.

MIEL is currently in the midst of implementing a 1.5 Million Tones Per Annum integrated steel plant to produce plates, HR coils and rebars at its facility at Raigarh to cater to the rapidly growing infrastructure & construction industry.

The technology adopted for this integrated steel plant would considerably reduce its dependency on raw materials like coking coal and iron ore lumps and would use raw material from captive and domestic resources, resulting in becoming one of the most competitive and cost effective steel making facility in the country. This would be further backed by cost effective captive sources of power & ferro alloys. The steel facility is designed to utilize all waste heat and gasses generated in the process, thereby making it a truly energy efficient steel complex. Further setting up of iron ore palletization plant along with the sinter plant as a part of the complex, would enable MIEL to use gainfully cheap and abundantly available iron ore fines.

Conventionally the primary integrated steel plants in India were based on Blast Furnace route requiring expensive imported coking coal/coal resulting in increased costs. To address this concern MIEL'S technology involving a mix of sponge iron and hot metal from Blast furnace would not only reduce costs but would also enable the company to produce high value added steel through electric arc furnace.

On the power generation front, the company has set up a 60 MW power plant at Raipur & a 90 MW power plant in Raigarh for its captive consumption. It has enhanced the power generation capacity at its Raigarh plant from 90 MW to 170 MW thereby taking the total capacity to 230 MW to meet its future captive power requirements. The Group has additional 12 MW in its subsidiary, Rameshwaram Steel & Power Private Limited.

MIEL, through its subsidiary Monnet Power Company Limited (MPCL) is setting up thermal power plant of IPP of 1050 MW backed with captive coal mine in Angul, Orissa. The capacity is further being enhanced to 1710 MW by adding additional 660 MW at the same site. The power generated from this power plant would be sold on merchant basis and would contribute to the ever growing energy demand of the nation. The Group also has plans to further enhance this capacity by 1290 MW to reach its target of being a 3000 MW power producer in coming years.

WE ARE INDIA'S SECOND LARGEST COAL-BASED SPONGE IRON PRODUCER.

OUR SUBSIDIARIES

1. **MONNET POWER COMPANY LIMITED (MPCL):**

A subsidiary of MIEL, MPCL is currently executing a 1050 MW IPP in Orissa, backed by captive coal mines. The project consists of two units of 525 MW to be supplied by BHEL. The project has all its statutory approvals & clearances in place and has achieved financial closure. The capacity would be further enhanced by 660 MW which will increase the total capacity to 1710 MW.

2. **MONNET GLOBAL LIMITED (MGL):**

It is a wholly-owned subsidiary of MIEL with offices in Dubai, Jakarta and Johannesburg (South Africa), through which all global acquisitions and mergers are done.

3. **MONNET DANIELS COAL WASHERY PVT. LIMITED:**

The subsidiary has business operations at Dakra KDH, Khalan near Ranchi. Under this company, the first washery on Build Own Operate (BOO) basis was installed and is in successful operation in Jharkhand with a capacity of 4.2 Million Tonnes for Punjab State Electricity Board (PSEB).

4. **RAMESHWARAM STEEL & POWER PVT. LIMITED:**

The company has sponge iron plants of 60,000 MTPA & 12 MW power generating capacity.

THE POWER TO GIVE BACK TO THE SOCIETY

OUR CSR INITIATIVES

“ENRICHING LIVES, SPREADING SMILES”

AT MONNET, WE BELIEVE THAT A COMPANY’S PATH TO SUCCESS LIES AS MUCH IN ITS BUSINESS AND OPERATIONAL STRENGTHS AS IN ITS ABILITY TO THINK BEYOND BUSINESS. IT IS THE CONSTANT ENDEAVOR OF EVERY EMPLOYEE AT MIEL TO GIVE BACK TO THE SOCIETY AT LEAST SOME OF WHAT HE TAKES FROM IT. THUS, CORPORATE SOCIAL RESPONSIBILITY (CSR) AT MIEL IS NOT JUST ANOTHER INITIATIVE; RATHER IT IS THE FULCRUM ON WHICH ITS GROWTH STRATEGY IS BASED.

In keeping with the CSR spirit, a trust set up by MIEL, **Monnet Foundation**, is continually engaged in taking forward the company’s CSR policy. The CSR policy aims at bringing about a radical transformation in the quality of life of people living in and around the operation areas of the company. Positive interventions in social upliftment programs are a major component of its CSR plank, which spans Health, Education, Women Empowerment, Sustainable Livelihood, Infrastructure Development and promotion of boxing in the country.

HEALTH

Monnet always values its workers, employees and the community at large as its core assets and believes that it's their effort that is the driving force behind the success of the Group. Acknowledging their contribution, Monnet is committed towards positively impacting lives of people associated with Monnet in one way or another.

Some of the key healthcare initiatives in:

Raipur & Raigarh, Chhattisgarh: Monnet Foundation extends medical support through 15 bedded Maina Devi Hospital in Raipur and a 27 bed hospital in Raigarh, providing financial support for surgical treatments and health awareness programs.

Angul, Orissa : Traditional chulhas emitting excessive smoke responsible for spreading hazardous diseases, have been replaced with smokeless firewood stoves "Jeevan Jyoti" free of cost at all Anganwadi Centres where the mid-day meals of children are cooked.

Both Chhattisgarh & Orissa: Monnet Foundation on a regular basis organizes free health camps under the supervision of specialist doctors for routine checkups and has also been providing financial support for surgical treatments and health awareness programs to the people in and around all project locations. Free Ambulance services in the surrounding areas are offered for basic health check-ups and emergency facilities round the clock.

WOMEN EMPOWERMENT

Monnet Foundation undertook number of measures across spheres to restore empowerment and dignity for women in the villages. With an objective to support women to achieve financial independence, Monnet Foundation has been imparting them training on farming and have plans to engage them in income generation activities like white phenyl making, candle making, backyard poultry farming to name a few.

EDUCATION

Monnet Foundation lays special emphasis on imparting quality education. As, for a nation that aspires to have high standard of living, wants to be amongst the most entrepreneurial countries in the world and wants to add value to everything it does, it needs to ensure highest level of literacy through ensuring each child's right to education.

Monnet DAV Public Schools were setup in Raipur and Raigarh, with a mission of imparting quality education to MIEL's workers' and surrounding villages' children. MIEL believes that education would foster confidence, discipline, and clarity in thought and enhance logical decision-making ability to set and achieve goals. With this vision, Monnet DAV Public Schools are committed towards providing modern education facilities for the over all growth of every child. Literacy campaigns have been taken in the villages of Angul with the mission to obtain 100% literacy.

SUSTAINABLE LIVELIHOOD

The Company's CSR policy also focuses, in a big way, on Sustainable Livelihood by conducting training programs in its CSR target areas for the youth and women in various fields of craft and skills. These programs help youth and women to undertake a profession or trade for earning their livelihood. Monnet Foundation conducts tailoring and embroidery classes, computer classes and imparts know-how on preparing washing powder with the aim of equipping villagers with income generation skills.

PROUD SPONSORS OF THE INDIAN BOXING TEAM

Extending its social responsibility to other facets of life, MIEL has also associated itself with the Indian Boxing Federation by being the Official Sponsors of the Indian Boxing Team. Being the only corporate that has come forward with an aim of promoting boxing as a sport in the country, Monnet Group besides being the Team & Kit Sponsors has also been sponsoring the National Championships which are organised throughout the calendar year and feels proud to appreciate the medal winners through felicitating them.

During the year under review, Monnet Group:

- Honored MC Mary Kom for winning a Gold Medal in the Women Boxing World Championship in Barbados. It presented her with ₹3 lakhs as a token of appreciation and honored her with Monnet 'Woman of Strength' title.
- Felicitated 19th Commonwealth Games medal winning boxers and titled them as 'Monnet Men of Steel'. It recognised performance by giving ₹3 lakhs to Gold Medal winners, ₹2 lakhs to Silver Medal winners and ₹1 lakh to Bronze Medal winners. It also honored the coaches and support staff of the Indian Boxing team.
- Felicitated XVI Asian Games medal winning Indian Boxers and honoured them as 'Monnet Men of Steel' and 'Monnet Women of Power' at a glittering ceremony in Chhattisgarh. Monnet took this initiative to bring the winning boxers to Raipur, capital of Chhattisgarh, which has a high potential of emerging as a sports city. It recognised performance by giving ₹3 lakhs to Gold Medal winners, ₹2 lakhs to Silver Medal winners and ₹1 lakh to Bronze Medal winners.

POST BALANCE SHEET DEVELOPMENTS

During the first quarter of 2011-12, the company undertook shutdown for part of the period of the 2,00,000 tons of Sponge Iron capacity and 45MW capacity in Power Division at Raigarh for process improvement. However, despite production shutdown, the company was able to maintain the sales volume based on available inventories. As prices remained firm during the quarter the overall revenues and profitability of the company remained unimpacted.

The Company has entered into a 50:50 Joint Venture with Ecomaister Co. Ltd. based in Incheon, Korea and has set-up a JVC namely Monnet Ecomaister Enviro Private Limited (MEEPL). In this joint venture Company, Slag Handling Plant will be setup in which Slag Atomizing Plant will be supplied by Ecomaister. The technology developed by Ecomaister seeks to use molten Slag and recycle it to first extract iron content and from the remnant manufacture environment friendly valuable industrial product namely PS Balls. Thus, whereas the disposal of slag has been a serious issue and involved cost, setting up Slag Handling Plant, comprising of Slag Atomizing Plant and Slag Crushing Plant besides other facilities shall be environmentally protective and commercially profitable. The Company is first Indian entity that has entered into the Joint Venture with Ecomaister to use this technology and recycle slag. The iron extracted shall be purchased by the Company and PS Balls will be purchased by Ecomaister. The facility will come up within the existing plant of the Company at Raigarh. Whereas, Slag Atomizing Plant and Slag Crushing Plant is to be supplied by Ecomaister, other auxiliaries shall be obtained locally. MEEPL shall be jointly managed by the Company and Ecomaister.

Company Performance

During the year under report, various divisions reported the production as below:

Production	Unit	2011	2010	Increase/(Decrease)
Sponge Iron	MT	692096	710044	-2.53
M.S./S.S. Products	MT	41956	115325	-63.62

Coal	MT	951930	1000119	-4.82
Power	Units in '000	969075	1020661	-5.05

During the year, there have been no capacity additions at the plant. The production in all segments of the business were more or less in line with the previous year except steel where the Company chose to sell power rather than making steel. The power sales generated better profitability therefore, the lower production of steel does not manifest a decline in the performance of the Company.

Status of Expansions

Steel

The Steel expansion at Raigarh gearing to make a total capacity of 1.50 million tons is progressing in all the modules viz. additional power capacity of 80 MW, Blast Furnace, Sinter Plant, Rebar Mill, Steel Melting Shop and Plate Mill. The project is

as per the schedule and is likely to be commissioned as per the dates published by the Company on its website.

Power (MPCL)

The work on power plant of 1050 MW being set up in MPCL is also progressing after initial delay owing to delayed receipt of environmental clearance and sorting out of problems in some parcels of the land procurement. The site is mobilized both by BHEL and Indure, the two EPC contractors of the project. The project has also tied up the sale and evacuation of the power. The progress on the mines which will supply the coal to the power plant is satisfactory and the mines are expected to be ready well before the commercial operation of the power project.

New Joint Venture

Your Company has formed a Joint Venture Company namely Monnet Ecomaister Enviro Private Limited with Ecomaister Co., Ltd. of Korea having 50:50 partnership. A Slag Handling Plant is being setup within Company's Plant. This facility will be environmentally protective and commercially profitable. Using molten slag which is otherwise a waste by-product, the technology will first recover metal content from the slag and the remainder will be converted into a valuable industrial product that finds variety of uses in Korea and European Countries.

Risk Management

Your Company's Risk Management Policy is backed by strong internal control systems. The risk management framework consists of policies and procedures framed at management level and strictly adhered to and monitored at all levels. The Company also has a sound internal audit system in place. The audit consists of an independently constituted team in the company and outside auditors appointed for the purpose. The risk policy and internal Audit Reports are periodically reviewed by the Board and Audit Committee with emphasis on maintaining its effectiveness in dynamic business environment.

Note on Subsidiaries

Your company has twelve subsidiary companies including subsidiaries of subsidiaries. The consolidated financial statements presented by the Company include financial information of its subsidiaries prepared in compliance with applicable Accounting Standards. For further details of these subsidiaries, please refer Note 22 (A) (1) (i) of Consolidated Financial Statements on page 79. The Ministry of Corporate Affairs, Government of India vide its Circular No. 5/12/2007-CL-III dated 8th February, 2011 has granted general exemption under Section 212(8) of the Companies Act, 1956, from attaching the balance sheet, profit and loss account and other documents of the subsidiary companies to the balance sheet of the Company, provided certain conditions are fulfilled. Management Discussion and Analysis

Industry Structure and Development/ Risks & Concerns

India is the largest producer of DRI in the world as per the production figures till December, 2010 and it has held the said position since 2002. The growth of DRI in India is mainly attributable to domestic availability of Coal and Iron Ore, the two principal raw materials critical for the viability of sponge iron industry in India is also the 5th largest crude steel producer in the world as per the world steel production of 2010. The world steel production has registered an increase of 15% at 1414 million tons over 2009 and India's production of steel has grown from about 63 million tons in 2009 to about 67 million tons in 2010, an increase of 6%. China, the largest producer of steel increased its production from 573 million tons to 626 million tons in 2010, an increase of 9%. While China continues to be dominant player in the steel industry globally, India is poised to become the 2nd largest steel producer in the world over five years based on the planned steel capacities in the country and will overtake the countries like Japan, U.S.A. and Russia currently before India.

The key factors for the development of India's sponge iron as well as steel industry remains the domestic USP of raw material availabilities. The development and commercialization of mining sector in India will play a crucial role in the positioning of Indian steel industry not only in domestic market but also in the global scene, in the next few years. The joint thrust of the Government and private sector in this regard will play a pivotal role. Besides, the Government is taking necessary steps including R & D to promote the per capita consumption of steel in the domestic market. In the global snap-shot, the industry will see a paradigm shift of steel production from countries which are devoid of mineral resources to locations and regions which have the advantage of these natural resources. India is in a unique position in the global hemisphere in this regard and has a distinct edge to capitalize this opportunity.

Opportunities and Threats / Outlook

India's thrust on the development of the infrastructure is the basic ingredient for the development of the steel industry. The growth in the industry over the next few years is correlated to the growth in the GDP backed by a strong investment cycle in the industrial and infrastructure space. The acceleration in the economic environment will also boost personal consumption particularly in the utility sector. Therefore, it creates a strong climate for the steel industry both for the long as well as the flat products.

However, a strong administrative and legislative action in respect of appropriate policy pronouncements and procedures is required to push the investments in infrastructure and resultantly in the steel sector. Any lag in providing the policy actions will have the potential of dragging the growth in the sector. Besides, the mining activity needs to respond both at the Government level and development level for productive and profitable development of the sector.

The overall outlook on the sector assuming a consistent performance of economy looks quite encouraging. The steel companies with own resource base are essentially in a secured corridor in terms of the future growth. The capacity expansions are required to be driven by the availability of captive resources. The sector has become more dependent on raw material source than the market performance of the industry.

Segment wise Product wise Performance and Discussion on Financial Performance with respect to Operational Performance

During the year, there have been no capacity additions at the plant. The production in all segments of the business were more or less in line with the previous year except steel where the Company chose to sell power rather than making steel. The power sales generated better profitability therefore, the lower production of steel does not manifest a decline in the performance of the Company.

In terms of the revenues, the company registered a modest increase of 6% to 1573 crores from 1481 crores and registered an almost similar increase in the profitability at 281 crores compared to 269 crores in the previous year.

Internal Control Systems and their Adequacy

Your Company has adequate internal control systems commensurate with the size and nature of the business and are supplemented by an extensive programme of internal audits, reviews by management and documented policies, guidelines, and procedures to provide reasonable assurance that all assets are safeguarded, transactions are authorized, recorded and reported properly. Your Company has an independent MIS and Audit Department to oversee the day-to-day functioning of the Company. The Company has proper budgeting system and the actual performance is continuously evaluated and the corrective measures are taken from time to time.

Material Developments in Human Resources/Industrial Relations front

Industrial relations in the Company are satisfactory. The relations with the labour are cordial .

The operations of the plant are under the charge of independent Chief Executive Officers, who have rich experience and qualifications in the field.

Auditors' Report

To,
The Members of
MONNET ISPAT & ENERGY LIMITED

We have audited the attached Balance Sheet of **MONNET ISPAT & ENERGY LIMITED** as at 31st March, 2011 and also the Profit & Loss Account and the Cash Flow Statement for the year ended on that date. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

1. As required by the Companies (Auditors' Report) Order 2003 as amended by the Companies (Auditor's Report) (Amendment) order 2004 issued by the Central Government in terms of Section 227(4A) of the Companies Act, 1956, we enclose in the annexure, a statement on the matters specified in paragraph 4 & 5 of the said order as far as applicable to the Company.
2. Further to our comments in the annexure referred to in paragraph 1 above, we report that:
 - a) We have obtained all the information and explanations which to the best of our knowledge and belief, were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of such books.

- c) The Balance Sheet, Profit & Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account.
- d) In our opinion, the balance sheet, profit and loss account and Cash Flow statement dealt with by this report comply with the applicable accounting standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956.
- e) On the basis of written representation received from the directors and taken on records by the Board of Directors, we report that, none of the director is disqualified as on 31st March, 2011 from being appointed as Director u/s 274(1)(g) of the Companies Act, 1956.
- f) In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with Significant Accounting Policies and other Notes thereon in Schedule - 21, give the information as required by the Companies Act, 1956 in the manner so required and give true and fair view in conformity with the accounting principles generally accepted in India :-
 - i. In the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2011.
 - ii. In the case of the Profit & Loss Account, of the PROFIT for the year ended on that date.

4. According to the information and explanations given to us, the Company has not taken any loans, secured or unsecured, from Companies, Firms or other Parties
5. In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchase of inventories, fixed assets and with regard to the sale of goods. During the course of audit, no major weakness has been noticed in the underlying internal control system.
6. a) In our opinion and according to information and explanations given to us, the transactions that needed to be entered in the register maintained under section 301 of the Companies Act, 1956 have been entered in the register.
- b) As per information and explanations given to us, the aforesaid transactions have been made at prices which are reasonable having regard to the prevailing market price at the relevant time.
7. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits within the meaning of provisions of section 58A and 58AA of the Companies Act, 1956 and the Companies (Acceptance of Deposits) Rules, 1975.
8. In our opinion and according to the information and explanations given to us, the Company has an adequate internal audit system commensurate with its size and nature of its business.
9. The Central Government has prescribed the maintenance of cost records under section 209(1)(d) of the Companies Act, 1956 in respect of certain manufacturing activities of the Company. We have been informed that such accounts and records have been maintained.
10. a) As per information and explanations given to us, the Company has been regular in depositing the undisputed statutory dues including Provident Fund, Investor Education and Protection Fund, Employees State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Custom Duty, Excise Duty, Cess, Octroi, Entry Tax and other statutory dues with the

appropriate authorities. There are no undisputed statutory dues at the year end outstanding for a period of more than six months from the date they become payable.

- b) We have been informed that following disputed demands in respect of Income Tax, Excise Duty,

Sales Tax and Entry Tax have not been deposited on account of pending appeals.

S. No	Nature of Demand	Amount (Gross) (₹ in lacs)	Forum where appeal is pending
1.	Sales Tax	95.14	Deputy Commissioner of Sales Tax (Appeals)

21. ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The Company has prepared its financial statements in accordance with generally accepted accounting principles and also in accordance with the requirements of the Companies Act, 1956.

2. Income and Expenditure

Accounting of Income & Expenditure is done on accrual basis except interest on late payment received from debtors which is accounted for on receipt basis.

3. Sales

- a) Sales are shown inclusive of excise duty and net of sales tax, rebates and discounts etc.
- b) The Company has reduced interdivision sales from gross turnover as required by AS-9 of ICAI.
- c) Sale of Certified Emission Reduction (CER) is recognized as income on the delivery of the CER to the customer's account as evidenced by the receipt of confirmation of execution of delivery instructions.

4. Claims

Revenue in respect of claims is recognised only when the same is reasonably ascertained.

5. Fixed Assets & Depreciation

- a) Fixed assets are stated at their original cost of acquisition inclusive of inward freight, duties and expenditure incurred in the acquisition, construction and installation.
- b) Cenvat credit availed on capital equipments is accounted for by credit to respective fixed assets.
- c) Incidental expenditure on Modifications, Expansions/New Projects (including interest and commitment charges on loans obtained for acquisition of capital assets) has been allocated to assets on pro-rata basis on completion of the Project.
- d) Depreciation on fixed assets is provided on Straight Line Method (SLM) on pro-rata basis at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956 except on some Plant & Machinery of Sponge Iron Division, Unit-I, on which depreciation is being provided since commissioning of the unit on Written Down Value (WDV) method at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956. Depreciation on improvement to leasehold premises is provided based on tenure of lease.

6. Inventories

Inventories are valued on the following basis using FIFO method:

- a) Finished Goods - at lower of cost or estimated realisable value.
- b) Semi Finished Goods - at lower of cost or estimated realisable value.
- c) Work-in-Process - at lower of cost or estimated realisable value
- d) Raw Materials - at cost. However, in cases where the realizable value of the finished product falls below cost, materials are written down to net realizable value.
- e) Stores and Spares - at cost
- f) Finished Goods At Depot - at lower of cost or estimated realisable value (including excise duty & freight)

7. Excise Duty

- Cenvat credit, to the extent availed, is adjusted towards cost of materials.
- Custom duty is accounted for at the time of clearance of goods.

8. Retirement Benefits

Gratuity is accounted for on the basis of actuarial valuation as on the closing date.

9. Contingent Liabilities

Contingent Liabilities are determined on the basis of available information and are disclosed by way of notes to the accounts.

10. Sundry Debtors

Sundry Debtors are shown net of bills discounted. Interest on overdue bills is accounted for on receipt basis.

11. Investments

Long Term Investments are stated at cost. Provision for diminution is made only if such a decline is other than temporary. Short term investments are carried at lower of cost or quoted / fair value.

12. Foreign Currency Transactions

- Monetary Assets and liabilities in foreign currency are revalued at the year end exchange rates. Exchange differences arising on such revaluation are recognized in Profit & Loss Account.
- In case of forward exchange contracts, the difference between the forward rate and the exchange rate at the date of transaction is recognized as income or expense over the life of the contract.
- Exchange differences arising from foreign currency borrowings, to the extent they are regarded as an adjustment to interest costs are capitalized in the respective qualifying assets.

13. Dividend is accounted for as per the date of declaration.

14. Unless specifically stated to be otherwise, these policies are consistently followed.

23. Tax Expense is the aggregate of current year income tax, fringe benefit tax and deferred tax charged to the Profit and Loss Account for the year.

a) Current Year Charge:

Income Tax provision of ₹ 7036 lacs has been made on current year profits as per provisions of the Income Tax Act, after deducting MAT credit entitlement of ₹191 lacs.

b) Deferred Tax :

The Company estimates the deferred tax charge using the applicable rate of taxation based on the impact of timing differences between financial statements and estimated taxable income for the current year. The Company has opted for tax exemption under section 80-IA of the Income Tax Act in respect of Power Division for a period of 10 years commencing from the financial year 2004-2005. Pursuant to the clarification on AS22 of The Institute of Chartered Accountants of India, no Deferred Tax is provided on timing differences arising and reversing during the Tax Holiday period in respect of Assets of Power Division.

Particulars	Opening Balance as at 01.04.2010 (₹ In Lacs)	Charge/ credit during the year (₹ in Lacs)	Closing as at 31.3.2011 (₹ in Lacs)

22. ACCOUNTING POLICIES AND NOTES ON ACCOUNTS (Consolidated)

A. SIGNIFICANT ACCOUNTING POLICIES TO THE CONSOLIDATED BALANCE SHEET AND PROFIT & LOSS ACCOUNT

1. Principles of Consolidation

The consolidated financial results of Monnet Ispat & Energy Ltd ("the Company") and its subsidiaries have been prepared on the following basis:-

- The financial statements of the Company and its subsidiary companies have been consolidated on a line-by-line basis by adding together with the book value of like items of assets, liabilities and after eliminating the inter subsidiary balances in accordance with Accounting Standard (AS) 21-" Consolidated Financial Statements" issued by the Institute of Chartered Accountants of India.
- Interest in Joint Ventures have been accounted by using the proportionate consolidation method as per Accounting Standard (AS) - 27 - "Financial Reporting of Interest in Joint Ventures" issued by Companies (Accounting Standard) Rules, 2006.
- As far as possible the consolidated financial statement have been prepared using uniform accounting policies for like transactions and in similar circumstances and are presented to the extent possible in the same manner as the company's separate financial statements.
- In respect of foreign subsidiaries, being non- integral foreign operations, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the year end. Any exchange difference arising on consolidation is recognized in the Exchange Fluctuation Reserve.
- The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.
- Minority Interest's share of net profit of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the company.
- Minority Interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Company's shareholders.
- Investment in Associate Companies is accounted under the equity method as per AS 23 - "Accounting for Investments in Associates in Consolidated Financial Statements" issued by Companies (Accounting Standard) Rules, 2006.
- Particulars of subsidiaries and step subsidiaries considered in the consolidated financial statements are :

Name of the Subsidiary	Main Activities	Country of Incorporation	Proportion of ownership interest
Monnet Overseas Ltd.	Investments	U.A.E.	100%
Monnet Enterprises DMCC	Trading, Investments	U.A.E.	100%
Monnet Global Ltd.	Investments	U.A.E.	100%

Apart from the above, the Company also holds 9999 equity shares of M/s. Chattel Constructions Pvt Ltd, which corresponds to 99.99% holding. However, the accounts of the subsidiary have not been consolidated as the control is intended to be temporary and the subsidiary is held exclusively with a view to subsequent disposal.

i) Interest in joint ventures

The Company has a 33% interest in the assets, liabilities, income and expenses of Mandakini Coal Company Limited & Urtan North Mining Company Limited. It also has a 49% interest in the assets, liabilities, income and expenses of MP Monnet Mining Company Limited. All these Companies are incorporated in India, and involved in setting up and operation of coal mines.

2. The goodwill recorded in these Consolidated Financial Statements has not been amortized, but instead evaluated for impairment. The group evaluates the carrying amounts of its goodwill whenever events or changes in circumstances indicate that its carrying amount may be impaired, for diminution other than temporary.
3. Investment other than in subsidiaries, joint ventures and associates have been accounted as per Accounting Standard (AS) 13 on "Accounting for Investments".

4. Other Significant Accounting Policies

These are set out under "Significant Accounting Policies" as given in the Standalone Financial Statements of Monnet Ispat & Energy Limited.
